

8th Triennial Congress of the International Federation of Societies for Hand Therapy (IFSHT)

Entwining the World of Hand Therapy

International hand therapists are invited to its 8th Triennial Congress to:

- **Learn from educational sessions, such as:**
 - *The Perceptive Wrist and the Insightful Therapist: The New Paradigm for Regaining Motion*
 - *Sculpting the Brain: Developing New Directions of Hand Rehabilitation*
 - *Healing and the Human Hand: Do We Know What We Think We Know About Tendon and Fracture Management?*
 - Concurrent session topics are:
 - Managing earthquake/trauma patients
 - Patient outcome measures
 - Pediatric evaluation and treatment
 - Thumb CMC joint
- **Expand your knowledge during workshops covering:**
 - Anatomy reviews
 - Functional cast therapy
 - Focal hand dystonia
 - Intrinsic muscle strengthening
 - Mirror therapy and graded imagery
 - Prosthetics
 - Provocative testing
 - Tendon transfer management
 - Tests and tricks in hand assessment
 - Writing disorders
- **Network with hand therapists via professional discussions and individual conversations.**
- **Discover hand therapy products and services to enhance your practice in the exhibit hall.**

24-26 June 2010

**Caribe Royale
Orlando Hotel &
Convention Center
Orlando, Florida,
USA**

Representing more than 5,000 hand therapists worldwide, IFSHT coordinates the activities of hand therapy societies and enhances the exchange of hand therapy knowledge.

Hosted by:

ASHT
AMERICAN SOCIETY OF HAND THERAPISTS™

www.hands2010.com

And, for extended education and networking, make sure to arrive early for ASHT's **33rd Annual Meeting, Best Practice in Hand Therapy**, taking place 23 June. For more information, visit **www.asht.org**.
